CATALOGUE

Of Up-to-Date

Gas Pendants and Brackets
Incandescent Burners, &c.

Watson & Crane

Importers, Brass Founders and Electroplaters

373-375 PITT STREET
— SYDNEY —

Next Liverpool Street

Established 1882

Please Note that

THE illustrations given are to show the design of fittings stocked by us, and are no guide to their respective sizes.

Special attention is drawn to fittings marked antique and oxidised copper, of which we make a speciality; they are of unique design and quite up-to-date.

Most of the fittings are quoted separately, but prices complete can be obtained by referring to Price List of Accessories for Incandescent Burners, Blocks, etc., and to pages Nos. 1 and 2 for Globes.

Fittings marked antique or oxidised copper are made of solid brass tubing and electro-coppered over, and do not come under the head of fittings prohibited by the Insurance Companies for acetylene gas.

In compiling this catalogue we have endeavoured to place before you as clearly as possible a complete selection of up-to-date and latest designs stocked by us, together with prices of all accessories, and feel sure our efforts will command your patronage and generous support.

Watson & Crane,

Importers,

Brass Founders,

and Electroplaters
